Subject: Periodic Report #10 (4/1/64 - 5/30/64)
Liaison and Consultation

STAT

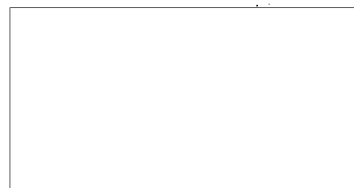

This report covers the nineteenth and twentieth months of contact with your organization. During this report period no visitations were made due to disruption of normal duties resulting from the untimely death of  and other requests for assistance in the Community.

STAT

Services supplied were limited to providing brochures on courses in Quality Control and Photography at Rochester Institute of Technology and forwarding a sample of a heat sensitive adhesive for testing on Vu-graph mounts.

We look forward to resuming more normal liaison with your organization in the immediate future.
